Insulation

Resin Floor Finish ↷

Flowcrete's decorative commercial flooring solutions are designed to create an impact.

Mondéco - Flowcrete's luxurious seamless terrazzo - can installed in bespoke designs while Flowfast quick cure MMA is available in a range of flaked or quartz finishes and cures in under two hours!

↶ Sub-floor Screed

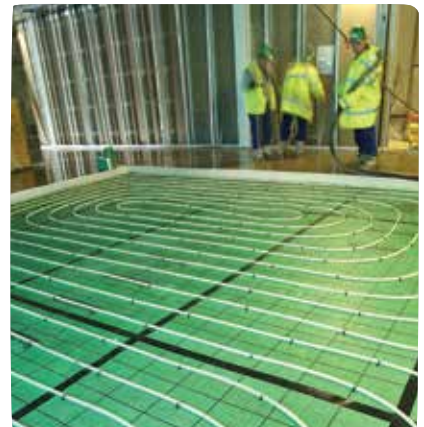

Flowcrete's Isocrete Floor Screeds provide a level surface prior to the installation of floor finishes.

Isocrete Floor Screeds are available in a range of formulations, including environmentally-friendly OPC free, fast cure, heavy duty and self-levelling pump-applied.

Underfloor Heating ↷

Compatible with Isocrete Floor Screeds, Isowarm Underfloor Heating delivers controllable heat.

Isowarm is geared up to the specialist needs of today's modern construction standards, delivering energy cost savings of up to 30% when compared with conventional heating systems.

↶ Acoustic Insulation

Designed to reduce the passage of airborne sound between levels in multi-occupancy facilities.

Flowcrete's acoustic insulation exceeds the requirements of Approved Document E of the Building Regulation 2003, which requires airborne (min 45Db) and impact (max 62Db) sound performance.
