

VIBRA STAIN

WATER-SOLUBLE DYE FOR CONCRETE

DESCRIPTION

VIBRA-STAIN is a unique blended solution of dyes that create vibrant, semi-transparent colour for concrete surfaces. **VIBRA-STAIN** is a concentrate that can be diluted with either alcohol or water and is appropriate for interior use. Each 236 mL container of concentrate is designed for a 3.8 L mix, but may be adjusted as desired.

PRIMARY APPLICATIONS

- Adds colour and vibrancy to indoor concrete floors.
- Rejuvenates the appearance of concrete.

FEATURES

- **VIBRA-STAIN** is an alternative to acid-based stains.
- When diluted with water, the low odor makes it suitable for indoor use.
- Easy to apply, **VIBRA-STAIN** may be sprayed, brushed, sponged, or rolled on.
- Colors can be blended or diluted to create unlimited, custom colors.
- Concentrate may be diluted with water or alcohol.
- Does not crack, chip or peel.

TECHNICAL INFORMATION

VIBRA-STAIN is a water-based concentrate and should be diluted with water or alcohol.

PACKAGING

VIBRA-STAIN is available in 236 mL bottles.

SHELF LIFE

3 years in original, unopened container.

COVERAGE

Average coverage when diluted with water is 23.2 to 37 m²/L. Application coverage will vary with surface condition, porosity, application technique, dilution and desired effects.
